Commission strikes about 100 names

## Many Hancock felons cannot vote Tuesday

By WAYNE DUCOMB JR.  
Hancock County voters convicted of certain felonies probably for the first time will not be allowed to vote in the Tuesday General Election or any future elections.

cock circuit clerks did not maintain a record of convicted felons as required by law. In addition, the commission did not rectify the situation until after District One Supervisor Bert Courrage.

Circuit Clerk Jerry Heitzmann updated the list which revealed some 100 registered voters should be stricken from the rolls, Gottschalk said. State Law 23-5-35 forbids anyone from voting who has ever been convicted of murder, rape, bribery, burglary, theft, arson, obtaining money or goods under false pretenses, perjury, forgery, embezzlement and bigamy.

Gottschalk noted that crimes such as armed robbery are not included in the list. "The election commission doesn't make the law or necessarily agree with all the laws, but we will follow the law as it is written unless it is changed," he stated.

The commission secretary said although records show that many of the felons have diligently voted over the years that they can not vote again. "If we don't do this we're subject to have another election being thrown out," he said regarding the effect of Courrage's findings which resulted in a rerun election in two precincts.

"A lot of people are probably going to be shocked when they find out they can't vote," Gottschalk stated. He said poll workers are directed to only allow an affidavit ballot for a felon whose name is removed from the rolls if that person is insistent upon voting.

But then, Heitzmann will check that person's name against the felons' list and if the name is found, he will destroy the ballot. He pointed out that the felons' names stricken from the rolls are designated with a red ink line and the list is number S-23-5-35.

Gottschalk said those removed can only be reinstated on the rolls by a gubernatorial pardon or legislative resolution restoring the individual's rights. "The Hancock Election Commission has done more in this election to conform with state law than it has in the last 20 years," he stated.

"We're trying to improve the voting situation in Hancock, but we're going to have to do it one step at a time," Gottschalk said. He reported the first step was reorganization of precincts after countywide redistricting.

The second step will be complete voter re-registration, planned for early next year, which will eliminate those registered in the wrong precinct and the dead still listed on the rolls, Gottschalk said. Regarding voting machine testing, Gottschalk said the commission

The Hancock Election Commission at its Oct. 3 meeting as mandated by state law voted to remove the names of more than 100 felons from voter rolls, Charles Gottschalk, commission secretary, confirmed Friday. He explained that some former Han-

cock circuit clerks did not maintain a record of convicted felons as required by law. In addition, the commission did not rectify the situation until after District One Supervisor Bert Courrage.

## Dog warns couple of nighttime fire

By WAYNE DUCOMB JR.  
A fire of undetermined cause heavily damaged the home of Mr. and Mrs. Jasper Faucetta at 508 deMontluzin St. in Bay St. Louis early Friday morning. The Faucetta's barking dog warned them couple of the fire.

Chief Andrew Lizana of the Bay Fire Department said Friday that Faucetta telephoned for assistance at 1:33 a.m. When firefighters arrived they found flames leaping from a bedroom window, but extinguished the fire in about six minutes, the chief reported.

He noted a bedroom and attic over that area were heavily damaged by the flames and other rooms received smoke and heat damage. Cause of the fire is undetermined, Lizana said.

Lizana praised Lt. Alphonse Shepherd and firefighters Marty Blackstock and Terry McCrory, all of the department, for their quick and effective response to the fire scene. He also pointed out at the scene that interior sheetrock walls and closed

doors kept the fire from spreading to other rooms. Lizana said the Faucetta's were sleeping in an adjacent bedroom when they were awakened by their dog barking in fright and discovered the blaze. The couple and dog apparently escaped the fire uninjured.

### WAVELAND FIRE

What could have been a much more serious fire at 606 Sears Avenue in Waveland was averted Thursday when passerby David Yarbrough called the fire department about 4:30 p.m.

According to Assistant Fire Chief Gerald (Rusty) Price, a fire in a back room resulted in damage to a mattress and a set of old wooden steps.

Damage was minimal and there was little if any structural damage, but Andrew Matheny, who rents the property, was not at home when the fire occurred. Cause of the fire is still under investigation by Robert (Poochy) Tarravouille, Waveland Police Department investigator.

TAKE 100—Filming a portion of a State of Mississippi television commercial Saturday morning featuring the Bibletones of Gulfport in front of Our Lady of the Gulf Catholic Church in Bay St. Louis is film crew of Image Works of Jackson. The crew, contracted by Maris, West and Baker of Jackson, is filming portions of the commercial in locations all over the state.

The final product will be aired in surrounding states to encourage 1984 World's Fair visitors to lodge in Mississippi while touring the New Orleans event. Looking a little weary, the Bibletones participated in more than 100 takes of the Bay St. Louis scene which is one of five in a single commercial. (Staff photo by Wayne Ducomb Jr.)

## Board president says:

## Supervisors to close County Home for Aged

By WAYNE DUCOMB JR.  
The Hancock County Board of Supervisors plan to close the County Home for the Aged in Bay St. Louis this month. A.A. (Dolph) Kellar, board president, confirmed Saturday afternoon that due to rising costs and shrinking funds and office space the facility will be closed sometime this month. "This costs the county \$40,000 each year," he said regarding the home. He reported that the facility now

houses four senior citizens. Kellar said one of the residents will reside with relatives and the remaining three will be placed in convalescent home in which the county will pay for the first month of lodging costs then Medicare will assume financial responsibility. "This is costing us too much especially with the county's tight money situation," he reported in reference to a decrease in oil and gas severance tax revenues.

"We're paying a person to work there and we're also looking for office space for other county agencies," the board president stated. The home is located near Dunbar Avenue behind Hancock General Hospital. When asked if any of the home's residents would be evicted without a place to live, Kellar replied, "There's no way we're going to put these people out on the street and we're not going to shirk our responsibility."

## Gulf Park campus officials report \$360,000 missing

By NAN PATTON EHRBRIGHT  
A female library employee at the University of Southern Mississippi's Gulf Park Campus at Long Beach has apparently embezzled some \$360,000 from library funds during the last 10 years.

According to USM President Aubrey Lucas, the scheme involved the submission of invoices for materials not on hand in the campus library. The invoices were paid to a company which apparently does not exist.

Dr. Lucas called a press conference at 9 a.m. Thursday morning at the Gulf Park campus to discuss the matter after a report on the incident appeared in the Thursday morning edition of The Sea Coast Echo which was distributed Wednesday night.

Also attending the press conference were Dr. Joe Holloway, dean of Gulf Park Regional Campus; Dr. Karen Yarbrough, vice president for research and extended services; Dr. Tom Estes, vice president for business and finance; and Dr. Robert (Poochy) Tarravouille, Waveland Police Department investigator.

Although the university officials declined to identify the employee alleged to have embezzled the money, Gulf Park Regional Campus officials said a female library employee was the person involved.

asked her to look into library purchases from a firm called Educational Media with which the library had been doing considerable business.

In the meantime, Dr. Holloway determined that items which had allegedly been purchased recently were not in the inventory of the library.

Dr. Yarbrough was informed of the problem and, when President Lucas returned home Friday about 10 p.m. from a meeting of the USM board of directors, she went to his home to advise him.

That evening Lucas called Dr. Estes and instructed him to request assistance from the State Department of Audit.

Early Saturday morning two representatives from the State Department of Audit came to help university personnel from the accounting and audit offices in their investigation.

Also early Saturday morning, Dr. Holloway went to the library to review and secure all records for purchases of materials.

At that point university officials contacted Harrison County District Attorney Albert Nease to inform him of the situation.

Nease arranged to meet with university officials Monday morning. Dr. Yarbrough, who is also a member of the State Department of Audit, said that the university is currently at a loss as to how to proceed with the investigation.

such company as Educational Media. Lucas commented that "it is easy to overlook a charter in the Secretary of State's office, but as best as we can determine at this point, the company does not seem to exist."

Also on Monday, university personnel held a conference with District Attorney Nease and university and State Department of Audit personnel continued their investigation.

Lucas emphasized that the results of the investigation were given with caution. "There may be other information, and information we have may change," he said.

"Apparently only one person is involved," Lucas reported. "The amount of money in question appears to be the approximate but staggering sum of \$360,000 over a 10-year period. The exact amount has not yet been determined, but we believe that is close."

Lucas refused to name the person involved, based on the advice of "several" persons.

He noted that he had been advised by State Department of Audit personnel and Board of Trustees members as well as the district attorney and, he said, "the consensus of advice was not to release the name."

Although Lucas did not refer to the person by gender during his initial remarks, in response to a query he did say that all library personnel are female.

Apparently the woman circumvented the university's internal controls with falsified signatures and forms.

Falsified invoices and receiving reports indicating the receipt of materials and authorizing payment were forwarded to the university's accounting office.

Checks reportedly were then sent to the fictitious company's address—a post office box number in Gulfport.

Lucas said the woman allegedly involved has not been available for interview during the investigation. A letter of resignation citing health reasons was received from her on Tuesday.

Lucas said he did not know if any of the money would be recovered or if criminal charges would be filed. "That," he said, "is beyond the responsibility of the university."

According to Lucas, the items in question were primarily audio-visual equipment: films, video-cassettes and slides. These were "single source items that did not require being too hot for bid." "Apparently we have not had proper

DR. HANS MARK

## NASA's deputy administrator tours NSTL

Dr. Hans Mark of Washington, D.C., NASA deputy administrator, visited the National Space Technology Laboratories Friday to review NASA activities at the Hancock County center.

His briefings centered around Space Shuttle Main Engine test activities at NSTL, including status reports, inspection of the test facilities and discussions with key NASA and contractor personnel.

Mark's visit began with a comprehensive overview presented by Jerry Hlass, NSTL director. He then toured the Space Shuttle Test Complex, where he was briefed by Bob Bush, Shuttle Project Office resident manager, Marshall Space Flight Center.

At NSTL's Earth Resources Laboratory, NASA's Sid Whitley and Dr. Armond Joyce conducted demonstrations and briefings in the laboratory's computer facility.

Mark met with the heads of several NSTL resident agencies at a luncheon session.

Also during the day, Mark joined Hlass in presenting three major NASA awards to Jack Rogers, Pat Mooney and Wayne Roberts in a brief ceremony in the Visitors Center auditorium.

Rogers, chief of NSTL's Facilities Engineering Office, received the NASA Exceptional Service Medal. He is a resident of Gulfport.

Mooney and Roberts, both Pan Am World Services Inc. employees, were awarded NASA Public Service Medals.

Mooney, of Slidell, La., is special projects manager of the Facility Operations and Support Services Project.

Roberts, of Long Beach, is manager of the Range and Test Services Project, which is a subcontract of Computer Sciences Corp.

Accompanying Mark during the visit were David Braunstein, executive director of special projects, and special assistants Phil O'Neal and Louis Peach.

controls," Lucas said.

"Normally, you have several people working with records and that in itself provides some control. We have a small operation here and we now realize things will have to change."

"There was a great deal of trust involved...but you cannot run a university on trust," he added.

Although items are counted twice a year and library personnel have to make out a property control report each year, adding new materials, there was no effort to reconcile information on the property control records with other records about new purchases.

Also, Lucas said, software items ordinarily do not have inventory numbers assigned to them.

However, he said, all software materials in the library have now been inventoried.

In addition, Dr. Holloway, Dr. Yarbrough and Dr. Estes have determined that additional signatures must be required for Gulf Park library purchases.

A complete and thorough review of all internal controls will be conducted, Lucas said, and routine audits reconciling invoices with purchases will be required.

Lucas said he was embarrassed by the incident and felt he owed an apology to his fellow Mississippians for what he considered to be a waste of very precious resources.

He pledged to take every appropriate action to prevent a recurrence.

"This matter has tragic dimensions," Lucas said. "Obviously, it is a personal tragedy for the person allegedly involved—a person whom we came to know as a well-qualified, hard-working, competent professional."

"This state has such limited resources and the university libraries in our state are so woefully inadequate that I and my colleagues at USM and the other universities have worked hard

to convince the legislature to help us catch up with needs."

"The legislature has responded beautifully, and in view of these circumstances, it is a tragedy that one penny, must less \$360,000, would be diverted from library development."

Asked Friday to comment on a rumor that the Federal Bureau of Investigation was participating in the investigation, FBI Agent J. Stewart Murphy of Jackson said, "We're aware of the situation, but the FBI is not involved at this time."

Nacaise was out of his office Friday and not available to comment on his part in the investigation.

## HOW THE NEW HOSPITAL WILL BE FINANCED...

The construction of a new hospital for Hancock County has been much in the news lately. In order to clarify many points and questions being asked by the public, the Hancock

General Hospital Board of Trustees would like to take this means to answer some of these questions.

## Did You Know

1. The replacement facility for Hancock General Hospital will be financed through tax exempt industrial revenue bonds. These bonds will be sold to individual investors through J.C. Bradford & Company of Nashville, Tennessee, investment bankers.

2. The Hancock County Board of Supervisors will authorize the sale of the bonds, and the bonds will be repaid through revenue produced by Hancock General Hospital. The county will not be responsible for the debt payments.

3. The industrial revenue bonds will have no effect on the tax base of the county. In fact, this project will not require an increase in property taxes.

4. The total cost of the new facility, which will have 60 beds and approximately 55,000-65,000 square feet, will cost an estimated \$3-10 million. The debt will have a 25-30 year term.

5. According to a sensitivity study done in April, 1983, by Ernst & Whinney, an accounting firm from New Orleans, if our patient days remain the same, 12,000, through 1986, Hancock General will be able to meet the increased payments of course, an increase in patient days with a new facility is imminent, and will produce additional revenue.

6. Ernest & Whinney will also conduct a financial feasibility study which will project the ability of Hancock General to pay the debt.

Bay St. Louis, Miss. 39520

Every candidate for Governor has a philosophy, and it has a profound effect upon every decision he must make.

This is mine.

First and foremost, and I say this without the slightest hesitation, I am a Christian and a family man.

Second, I am an American, heart and soul.

Third, I am a Mississippian from the top of my head to the bottom of my feet—and I'm proud of it.

Fourth, I am a conservative.

That's the exact order.

What does this have to do with being Governor? It has *everything* to do with being the state's highest elected official.

What one believes and practices in his *personal* life is unalterably connected

to the way he'll conduct his *public* life.

One's personal moral values *will* affect his public policy. If a man *doesn't* relate his public policy to his own personal values, then pray tell, to what values does that policy relate?

I firmly believe the people of Mississippi have a yearning—a hunger—to see traditional, religious and family values reflected in public policy again.

There's an old Mississippi saying: "You can tell a lot about where a man is going by looking at where he's been."

I ask you to examine my life, see what I believe and what I stand for. It is there I will rest my case.

It was a wise man who once said, "Those who cannot remember the past are condemned to repeat it."

This Tuesday, you'll decide whether you and your neighbors are content to once again repeat the course of "politics as usual" that has kept us on the bottom rung of the economic ladder for more than a century—or whether the time has come to work together and climb upward.

Join with me in rising to the challenge.

I think I can make you a good Governor.

I know I can make you an honest Governor.

I make this one promise, the only promise I've made in this entire campaign:

I'll make every one of you *proud* to be a Mississippian.

## Wastewater District sets public hearing on facility

By NAN PATTON EHRBRIGHT  
Plans for upgrading the wastewater facilities in Waveland and Bay St. Louis are proceeding on schedule, according to Ray Eaton of Lewis-Eaton Partnership.

Eaton, member of the firm which is doing the engineering work on the project, told Waveland Regional Wastewater Management District board members Wednesday night that survey work has been completed except for three or four days' work at the Waveland Treatment Plant outfall lines at Edwards Bayou.

Lewis-Eaton has also started design work on both treatment facilities.

Board members received copies of the Vegetation, Wildlife and Archaeological Study prepared by Paul D. Hartfield and Will W. McDearman at Lewis-Eaton's request.

This study is part of the initial data-gathering in connection with the wastewater facilities improvement.

Wastewater District Administrator Ethel Schott said that according to the report, there appears to be no reason why the facilities can't be expanded.

Eaton also said experiments are being made with a special sludge-removal process for possible use at the Waveland Treatment Plant.

"We are on target," he said, "and proceeding nicely."

## Humane group sets opening of Flea Mart

The Bay-Waveland Humane Society is staging a "Grand Opening Sale" Wednesday through Friday at its new Flea Mart in the Waveland Civic Center on Coleman Avenue.

Waveland city officials have allocated to the society permanent space in the center to operate the Flea Mart on a regular basis, according to Rosemary Melandra, society field worker.

Previously, the society conducted semi-annual rummage sales to raise funds for its operations, particularly its spay-neuter program.

"We are very grateful to the city for this opportunity to continue our fund-raising on a regular basis," Melandra explained.

"With no overhead and use of an adjacent storage room in the center so that we can receive donations of items for sale on a continuing basis, we should be able to conduct a much more effective program," she added.

This week's grand opening event is billed as a "Grocery Bag Sale" in which patrons "will be able to take as much as they can stuff in a grocery bag for a set price," Melandra explained.

Hours of the sale are from 10 a.m. through 3 p.m. each day.

The Flea Mart will operate on a regular basis beginning the following week Mondays, Tuesdays and Wednesdays from 10 a.m. through 3 p.m.

Ms. Irma Whalen of Waveland will manage the new facility.

Melandra noted the society realized more than \$1,000 from a recent spaghetti supper, in addition to \$500 from a donor who wishes to remain anonymous.

The \$500 will be used for purchase of a large, overhead heater at the Hancock County Animal Shelter in Waveland.

"There's no heat in that building yet and winter's freezing weather is just around the corner," she added.

The society is considering further contributions to the animal shelter, Melandra added.

## News Briefs

### BUSINESS AFTER HOURS

The Hancock County Chamber of Commerce will sponsor a "Business After Hours" social for chamber members at Wheel Inn Restaurant, US-90, Bay St. Louis, Thursday, Nov. 10, from 5:30 to 7 p.m. Happy Hour prices will be observed.

### POLITICAL RALLY

NAACP Hancock County Chapter, Veterans Civic Organization and Hancock Concerned Citizens are sponsoring an outdoor political rally at 4 p.m. Monday, Nov. 7, at the corner of Old Spanish Trail and Sycamore Street in Bay St. Louis. Candidates in Tuesday's General Election are invited to speak. Food will be available.

### FREE DECORATIONS CLASS

The Hancock County Extension Home Economist office is sponsoring a holiday decoration program Wednesday beginning at 10 a.m. and 2 p.m., both at the Hancock Grounds Building, 601 Douglas Blvd. Home economists from the three Gulf Coast counties will gather there to offer instruction in creating festive, colorful and door decorations, and tree ornaments.

### NOVEMBER 8 VOTE TO EAT

Hancock County Action Agency is sponsoring a "Vote to Eat" event at the Waveland Civic Center on Wednesday, Nov. 8, from 10 a.m. to 2 p.m. Free food and beverages will be served to voters.

John McCarty, Bureau of Pollution Control, discussed the next steps to be taken in connection with the 201-208 Plan and gave board members copies of the revision document which will be forwarded to the Environmental Protection Agency for approval, along with minutes of the public hearing and a letter from the governor asking approval.

After the plan is approved and wastewater management authority is officially transferred from Gulf Coast Regional Wastewater Authority to Waveland Regional Wastewater Management District, the district will be able to request grant funds from the state and federal government to help pay the cost of facility upgrading.

The board will conduct a public hearing Nov. 28 on the 201-208 Plan. Copies of the document are available for

perusal at the public libraries in Waveland and Bay St. Louis.

Schott noted that the document is easy to understand and shows the different alternatives that were reviewed in developing the final plan, and the costs involved for each.

"Those alternatives are still available," she said.

The board also discussed Borg-Warner's hazardous waste storage permit for the temporary collection of waste at its plastics manufacturing plant at Port Blenville Industrial Park.

Borg-Warner now has a temporary permit to collect two kinds of waste, one a chemical toxic and the other a fire hazard.

Apparently Borg-Warner wants to expand its storage capacity and to have a

permanent permit.

A.A. (Dolph) Kellar said it was his understanding that when a sufficient amount had been collected, it was transported to Alabama for final disposition.

Schott said a copy of the petition was forwarded to Waveland Mayor John Longo at City Hall, probably to make it available to the public for review.

Although the Wastewater District has no jurisdiction over industrial waste, board members agreed it is the sort of thing they should know about.

In other business the board:

—approved advertising of bids for parts for pumps for Waveland effluent;

—okayed purchase of a new truck;

—approved the claims docket.

members and Heitzmann attended the first announced test in Hancock which was conducted Friday and is required by before every election by state law. "We had the election commission and circuit clerk here at his office at 10 a.m. and nobody else showed," he said regarding the test advertised in The Sea Coast Echo.

"We had never done this before until we went to an election commission seminar and found out this was required by law," Gottschalk stated.

"We're expecting a well run election this time because our poll managers are well trained," he added.

## ELECTION TURNOUT

Gottschalk expects a fairly heavy turnout of voters for the Tuesday election due to the controversial gubernatorial race and the five independent candidates vying for the Hancock circuit clerk's post.

Democratic gubernatorial candidate Bill Allain has been accused of homosexuality by supporters of Leon Bramlett, the Republican nominee.

For a complete listing of candidates, state amendments and a County Criminal Justice Facility construction proposition in the Tuesday election turn to page 5A.

The Hancock proposition calls for

voter consideration of a tax levy to build a \$2.5 million facility.

One State Senate resolution calls for voter consideration of an amendment allowing public utilities to immediately seek State Supreme Court consideration of rate increases denied by state agencies rather than those companies initially filing suit in lower courts.

The other resolution calls for a state amendment allowing churches established more than 25 years to obtain a 99-year lease for not more than three acres on 18th Section property rather than the present maximum allowed 25-year lease for such land.

## Burglars active in Bay, Waveland

By NAN PATTON EHRBRIGHT  
Both Bay St. Louis and Waveland Police Departments report an increase in burglaries recently.

Bay Police Chief Douglas Williams says his department is investigating a rash of thefts from unattended and unlocked parked vehicles.

Those burglaries include:  
—A truck battery, ice chest and a filled five-gallon gasoline can stolen Friday from the yard of Fabio Rodriguez at 134 Julia St.

—A truck battery taken from a Seaboard System Railroad vehicle Thursday parked by William Stevens at the old Bay depot;

—A car battery stolen from Jimmy Cholina's vehicle while parked Wednesday at the Disabled American Veterans Hall;

—A purse stolen from Anne Atwood's car while it was parked Wednesday at

Marketown containing items valued at \$387.

Waveland Police Investigator Robert (Poochy) Tartavouille says a \$100 reward is being offered for information leading to arrests in three burglaries last weekend.

Cinema IV in Chocktaw Plaza was burglarized Oct. 28.

On Oct. 29 burglaries occurred at House of Catfish and Trapani's Knock Knock Bar, both on US-90.

In other police business, Tartavouille advises that Danny Williams, former manager of Big B Discount Drugs in Our Shopping Center, was arrested on Oct. 27 on a felony charge of false pretense for apparently absconding with \$8,491.51 in company funds.

Tartavouille says a preliminary hearing for Williams, now out on bail, will be held Nov. 17.

## YOU AND I — TOGETHER FOR MISSISSIPPI

### A Message from Bill Allain:

I have been traveling across our State since March, campaigning to become your Governor. In every community, every county, I have found a spirit of cooperation and a sense of hope among our people.

We are on the threshold of greatness. But, for the sake of future generations, we cannot afford to waste one day training our next Governor.

Together, we must begin working to solve the problems of unemployment, education, crime, high utility rates, and economic development.

The nation is finally watching Mississippi and using us as an example to follow. The gains we've made must continue, and I am committed to keeping Mississippi moving forward for the next four years.

As your Governor, using my 20 year experience in state government, I will work tirelessly to:

- Find new jobs
- Attract new industry and expand present industry
- Implement the Education Reform Act
- Reduce crime and drug traffic
- Continue fighting for fair utility rates

But I can't do it alone. I need the help of all Mississippians. In the next four years, the progress of our State will finally match the spirit of our people.

I need your vote on November 8. Together, we cannot fail.

Respectfully,

*Bill*

## End Season 4-6

## Bulldogs block Rocks

By TOM ACKERMAN

The Saint Stanislaus Rock-A-Chaws' shot at a 5 and 5 season came to a disappointing conclusion Friday at Vancleave, as the Bulldogs sneaked by the Rocks 16-13.

But, in spite of the loss, there were still a lot of unanswered questions...a lot of "what would have happened if's."

For example, what would have happened if the Rocks' point-after attempt that was good hadn't been called back because of a penalty on the Bulldogs? The second attempt failed on a run attempt. So much for at least one point of the three-point deficit.

And, what would have happened if the Rocks' tackle of the Bulldogs in the endzone hadn't been disallowed by the officials? That might have been two more...enough to at least end up with a tie.

And, most important, what would have happened if the Rocks had managed to get their defense together during the first five minutes of the game? This last question, like the others, must go forever unanswered.

Although Rock head coach Vernon Powell was particularly pleased with the outcome—he wanted that 5-5 season just as much as his team did—he managed to look at the positive side. "Well," he admitted matter-of-factly, "it's a lot better than our 1 and 9 record last year."

In Friday's game, the Vancleave Bulldogs took first possession at their own 25 and began a drive on four series that took them within 25 yards of a score. At this point, the Rock defense seemed powerless to deny the Dogs any advance they wanted to make.

With just over five minutes gone in the first period, the Bulldogs connected on a 25-yard pass to light up their side of the scoreboard.

The Dogs' point-after attempt was bobbled, and Rock Jerry Kelly brought down the punter when he tried to recoup for a two-point run. Dogs up by 6.

The Rocks received at their own 30 for their first possession of the game, but nothing would fall into place.

First down, illegal motion against Stanislaus. Another first down, no gain. Second down, no gain. Third down, fumble, recovered by the Rocks...bringing up a fourth and 20.

On the punt, the Bulldogs blocked and recovered the ball at the Stanislaus' 4. Without too much effort, they carried it over for another score.

With 3 minutes and 24 seconds left in the first period, the Bulldogs made good on their PAT to leave the Rocks standing, 13 to zip.

Early in the second quarter, the Rocks began a long drive from their own 24 to fifteen yards out from the goal. The key play of the series was a bomb from Rock quarterback Scardino at the Stanislaus' 45 to Russ Betcher at the Vancleave 12.

After a loss of five yards on two plays, the Rocks set up for a field goal attempt. On the kick, Betcher's first try was good, but the officials called it back on encroachment by the Dogs.

The second attempt, from the 15, was bobbled, and the attempt at a run failed. Stanislaus still scoreless.

With the minutes ticking off the first-quarter clock, the Rocks felled the Dogs' next series: With fourth and 8, Vancleave attempted a fake on the punt, but Rock-A-Chaw fullback Chuck Yarborough brought down the runner at the Dogs' 20.

Rock quarterback Matt Scardino was shaken up on the next play, and replaced by Casey Wittman, the first string QB still recovering from a bruised thigh. With 53 seconds on the clock, Wittman connected with David LeBlanc to get the Rocks on the board.

In for the point after, Betcher's first attempt once again was called back for encroachment by the opposition. The second attempt failed. Rocks down by 7.

But the Bulldogs weren't

and pulled down a pass at the 4. And finally, running back Todd Thriffley pushed through with all his determination and put the Rocks back in the ball game. Betcher's conversion attempt was good, but the Rocks were still down by 3, 16-13. Earlier, in the second half, the Rock defense had pushed Vancleave back to their own five-yard line. Reading the of-

fense, the "graveyard" defense brought the ball carrier down in his own end zone. The Rock offense continued fighting for that elusive four points that would have sent them home the victors, but it wasn't to be.

With 5:28 left in the game, the Rocks recovered a Dog fumble at the Vancleave 35, but their drive stalled, and the opposition ran out the clock.

quite through. Moving the ball quickly to the Rock 13, Vancleave set up for a field goal with 3 seconds left in the half. The kick was good, and Vancleave took a 16-6 lead into the lockers.

True to form, the Rock "graveyard" defense completely shut down the Dog offense during the second half.

On the offense, the Rocks took over on their second possession of the second half at the Vancleave 35. Scardino connected on a pass to LeBlanc at the 16. On the next play, LeBlanc reached high

MORAN  
SUPERVISOR, BEAT ONE**

**To The Voters of District 1  
Hancock County:**

As election time draws near, I would like to ask two things of you before you cast your ballot on Nov. 8:

1. Consider why so many of the people in the outlying areas of District 1 want a new supervisor.
2. Please talk to the residents of Lakeshore, Clermont Harbor, Ansley, Pearlinton and Bayside Park and ask if they are satisfied with their present supervisor.

I will work with the residents and city officials of Waveland to maintain city streets and also the beachfront. I will maintain the cemeteries and work to improve county roads and drainage problems in all areas.

## What Beat 1 Needs:

1. A supervisor who will give his full-time and attention to his job — not the few weeks before election time.
2. A supervisor who will be available for phone calls to answer questions and handle problems.
3. A supervisor who is aware of and cares about the needs of the taxpayers in his district.

I will do my best to meet the above needs if elected your Supervisor on Nov. 8. I have the experience and qualifications necessary to meet these needs. Your vote for me on Nov. 8 will assure you of a full-time supervisor. Your vote and support are deeply appreciated.

## Tigers win big

By RANDY FINDER  
"Everything went our way," coach James (Snuffy) Smith admitted after the Bay High Tigers destroyed the visiting St. John Eagles, 49-6, Friday night on the rain-soaked field of Tiger Stadium.

"We hit them real quick, the second play from scrimmage," Smith explained.

The play, a pass from quarterback Jeffrey Smith to Eddie Nelson, was set up when the Eagles fumbled following the opening kick-off.

Early in the second stanza, Willie Lewis broke loose on a 70 yard TD run to extend the Tigers lead. Craig Breland added the extra points.

Later in the same period Harold Gillum hit pay dirt on a 15 yard effort as Bay High built a 21-0 advantage.

St. John countered with a four yard pass for a score, cutting the score in the one-sided contest to 21-6.

The Tigers stormed back with a pass from back David McIver to Jeffrey Smith, covering 15 yards, good for another score.

On the third play of the second half, Lewis galloped down the side lines for 65 yards and his second TD.

Lewis scored again moments later on a busted play. A pitchout to McIver, passed to Darren Smith and then fumbled or lateraled to Lewis who grabbed the ball and went 30 yards for the points.

John Roy connected with Richard Whavers with a 15 yard touchdown strike to round out the potent Tiger offensive showing.

St. John helped the Tigers, turning the ball over seven times, six on fumbles. Bay High fumbled the pigskin away three times.

"We're a much better team now than we were at the start of the season," Smith commented.

Willie Lewis gained 175 yards on only five carries in the game and scored three touchdowns.

Bay High finishes the regular season with an impressive 9-1 record, finishing second in the highly competitive Deep South Conference. The Tigers only loss was to DSC champion Pearl River Central early in the year.

## Ninth grade Hawks capture Conference

By ELLIS CUEVAS  
The Hancock North Central ninth grade Hawks captured the Deep South Conference by defeating Pearl River Central 15-12 Thursday night.

Hancock was trailing 12-7 with the ball on their own 15 yard line and only 51 seconds left on the clock. Brett Favre, quarterback connected on a pass to Charles Burton, who elude tacklers for a 85 yard score giving the Hawks a victory.

The Hawks finished the season with a 5-0 record in conference play capturing the title, ending the regular season at 8-1.

Joe Shaw, head coach said, "This is the finest ninth grade team at Hancock since I have been coaching. We played exceptional defense all season and the offensive team got the points when we needed them."

The young Hawks won eight games in a row after losing to Harrison Central 14-12 in overtime. The game with the Red Devils was a non-conference tilt.

Shaw is now preparing his team for the Mullet Bowl Thursday night in Bay St. Louis.

The Hawks will play Bay High's ninth graders whom they defeated 8-6 a week ago.

The Blue Devils were the first to score in Hawk Stadium Thursday on a 30 yard pass and missed the PAT.

Hancock moved on top in the third quarter 7-6 on a 30 yard punt return by Burton. Favre kicked the extra point.

Pearl River regained the lead in the fourth quarter on a 20 yard running play giving them a 12-7 lead.

"When Burton scored with only seconds left on the clock, we lacked an extra point and

Favre tossed a two point conversion to Delano Lewis, giving us a 15-12 victory," Shaw stated.

Shaw continued, "Our final scoring play was so fast there were still 43 seconds left on the clock. After we kicked off, on Pearl River's first play, Thomas Cox intercepted a pass, and the Hawks ran the clock out."

Burton scored 102 points for the season giving him the conference title in points scored.

"This is the first time for a ninth grade Hancock player to capture a scoring title in the conference," Shaw allowed.

Shaw offered high praises for his entire squad, including substitutes, as some played both offense and defense, while others only played during certain situations. He added it up by saying, "it was just a big team effort."

MULLET BOWL CONTRACT—participating in contract signing ceremonies Wednesday for the 1983 Mullet Bowl are, from left, Paul Pierce, Tiger Booster Club president; Cleveland Williams, Bay Junior High Coach; Joe Shaw, Hancock North Central coach; and David Kopf, HNC Junior High principal.

The ninth annual Mullet Bowl will be staged Thursday night at Bay High Stadium with a 7 p.m. kickoff. The booster club sponsors the event with proceeds dedicated to club support of all athletic programs at Bay High.

HOW IMPORTANT IS EXPERIENCE???

Much has been said throughout this campaign concerning the 'experience' of the candidates. Experience has shown that 'experience' is not always the most important feature to look for when voting for a candidate to fill a political position.

This is evidenced by the election in recent years of a number of politically 'unseasoned' candidates who took office and, thru motivation, made many changes which vastly improved the office operation. What we need is 'less political experience' and more 'New Blood' in our elected offices so that improvements can continue to be made.

JAMES D. "DONALD" MAUFFRAY is a college graduate, has held administrative positions, and is QUALIFIED to serve, and SERVE WELL, as your Circuit Clerk. We ask you to consider the candidate, and not the 'experienced' politician when you select your next Circuit Clerk.

MSU CROSS-COUNTRY  
Mississippi State's cross-country team is in the final stages of preparing for the annual Southeastern Conference Championships this weekend with five Bulldog runners set to compete for conference honors.

State will join the festivities at Lexington, Ky., for Saturday's affair. Last fall the Bulldog runners recorded a fifth-place finish, but Coach Bob Kitchens' team knows it will take an exceptional effort to equal that finish in 1983.

"None of our team has ever run on this course before," Kitchens said. "But it is supposed to be a good course. Not what I would really call a strength course, but it is rolling and should be fast. The record for the course is 24:04."

## Hawks close with 34-15 loss to Blue Devils

## Bay High invited to Ladner Bowl

By EDGAR PEREZ  
The dejected Hancock North Central Hawks, who haven't won a football game for a month—since they learned reclassification ended any chance of a championship this year, were trimmed by Pearl River Central Friday in Carrier 34-15.

Pearl River Central sewed up the Deep South Conference championship Friday and will face Poplarville for the District 8-A title.

Hancock head coach Irvin Favre said the school's classification problem will be discussed at a Hancock County School Board meeting at 6 p.m. Monday in Bay St. Louis.

HNC last week was ruled to be a AA school with four students over the maximum number allowed to Class A schools.

"We'll have to decide at the board meeting Monday what path we will take now," Favre added.

PRC ended the regular season Friday against Hancock undefeated in the conference and 9-1 overall for the year.

Hancock's final tally in the DSC is 4-2, with Friday's loss to Pearl River and a 19-14 loss to Bay High last week.

Favre reported Bay High has been invited to play in the 1983 Wendell Ladner Bowl Saturday at Hawk Stadium.

Visiting ball club in that event will be Raleigh High, a Class A school with an 8-2 regular season record.

Bay High finished with one regular season loss to PRC to end the year 9-1 and 5-1 in the conference.

Kickoff in the Ladner Bowl will be at 7 p.m.

Scoring for Hancock Friday were Lydell Curry with a six-yard touchdown run and Steve McQueen with a one-point conversion kick in the second quarter.

Quarterback Scott Favre

completed a 45-yard touchdown pass to end Gary Fricke in the fourth period and followed with a two-point pass to Tony Guidry.

Pearl River tailback Chip Johnson posted four touchdowns, including a five-yard run in the first quarter, a five-yard run in the second period, a 44-yard scoring reception of a Gerald Tillman pass in the third period, and a four-yard run in the final frame.

Jonathan Carter returned a recovered fumble 46 yards for a touchdown in the fourth quarter and Sidney Hostetter kicked two extra points for the Blue Devils.

Tillman connected with Reese Roche for two points following his third quarter touchdown pass to Johnson.

Hancock picked up 14 first downs to 16 for PRC in a drizzling rain which continued through the evening.

"We feel like both teams handled the ball extremely well considering the weather conditions," Favre commented.

The Hawks gained a total of 133 yards rushing to 187 for the Devils.

Scott Favre completed 10 passes in 15 tries for a total of 165 yards compared with 178 yards for Tillman on eight completions out of 19 tries.

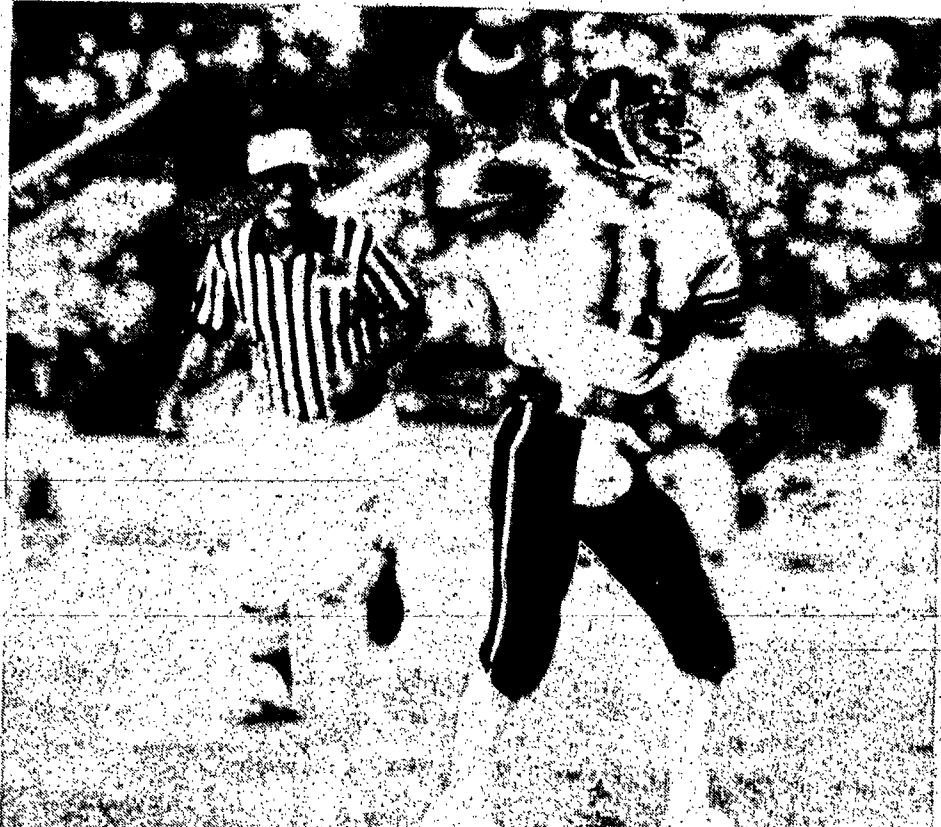

There were no interceptions.

Favre and Tillman were battling for the top spot among high school passers on the Coast. Favre entered the contest with a total of 1,036 yards and Tillman with 1,035.

Hancock punter Gary Fricke booted one for 40 yards. PRC picked up only 18 yards on two punts.

Penalties hurt the Hawks who lost 83 yards on eight infractions.

Officials threw the flag only once against PRC for 15

**LEADING PASSER**—Hancock North Central Quarterback Scott Favre completed 10 passes in 15 attempts Friday for 165 yards, giving him a season total of 1,201 yards and the runnerup slot among high school passers on the Mississippi Gulf Coast for 1983. Friday's HNC-Pearl River Central encounter in Carrier developed into a battle between the leading passers, with Favre entering the contest with 1,036 yards, one yard ahead of PRC Quarterback Gerald Tillman who had accumulated 1,035 yards passing up to Friday night's game. Friday Tillman completed eight passes in 19 attempts for 178 yards and a season yardage total of 1,113 to take the number one position among passers on the Coast. PRC dumped HNC 34-15. ## REAL VIEWS ON REAL ESTATE

### Lease Terms

Question: I was informed by my last landlord that I had violated the terms of my lease. Since I am moving to a new apartment, I want to make sure I do not violate the new lease. What should I look for in the lease? M.M., Newton.

Answer: Dear M.M.:

Most disagreements between tenants and managers or landlords occur because the parties fail to understand the terms of the lease. Before you sign your next apartment lease, here are some tips to help avoid such misunderstandings.

First, and certainly most important, read your lease carefully and ask questions about anything that is unclear. Since leases are almost always written by the owner, tenants seem to assume that the lease can be signed without reading it first. Such a practice is dangerous and unwise.

Second, make sure all communications are in writing, including—of course—the lease, any changes in the lease and any notices, requests or agreements. Oral agreements are very weak and if problems do arise, written communication is evidence of exactly what was intended between the landlord and tenant.

Third, when you move in, make a checklist noting conditions of the dwelling and furnishings. This list should be dated and signed by both you and the property manager. A copy should be retained by both parties.

### ETV Brief

#### GREAT IMPOSTER

Tony Curtis stars as Ferdinand Waldo Demara Jr., a frustrated man who posed as a school teacher, doctor, a prison warden and state trooper, in "The Great Imposter," which will be presented on "Saturday Cinema" at 9 p.m., Saturday, Nov. 12, on the Mississippi ETV Network.

According to the story, Demara is a school teacher at Haven Isle, Maine, when state troopers arrest him as an imposter. Through a series of flashbacks, an intricate web of deceit is recalled as Demara assumes several identities, including a surgeon, during which time he performed 19 successful operations.

Be sure to pay your rent on time. Rental payments that are withheld or are delinquent can make you subject to eviction and liable for the months of rent remaining in the lease. Remember, a pleasant renting experience requires that both the tenant and manager understand the rules and responsibilities.

### MOBILE HOMES GAIN IN POPULARITY

QUESTION: I see more and more mobile homes being sold. Is this becoming a more popular source of housing? If so, who is buying them? B.R., Southaven

ANSWER: Dear B.R.:

Yes, the purchase of mobile homes is increasing in total units sold and is becoming an alternative housing source for more and more people. Sales of manufactured and mobile homes rose approximately 20 percent during the first six months of this year, according to the Manufactured Housing Institute.

More than 125,000 units were sold during that time. Industry sources believe that this rapid increase in sales can be attributed to an expanding acceptance of manufactured housing as well as to an improving economic situation. Obviously, as the general state of the economy improves, all types of housing show increases in sales, including manufactured homes.

According to the findings of a survey of more than 9,000 purchasers conducted for the Manufactured Housing Institute, an increasing number of mobile home buyers are younger, more affluent and better educated than their predecessors. Surprisingly to many, the median income of the new mobile-home buyer is \$16,900 which is higher than the median income of all households as reported in the U.S. Census. Purchasers are currently paying an average of more than \$21,000 for their housing which is significantly less than the average price of new custom-built housing.

More than 80 percent of these purchasers are less than 40 years old and more than half of them are less than 30 years of age. About 30 percent of all units sold are purchased by persons over 60 years old. One of the statistics the industry is most proud of is that 98 percent say they are happy with their homes and 14 percent say they would purchase another one.

**HUSTLE**—Running with the ball is Pass Christian High School Pirate Quarterback Joey Rogers, No. 11, in a game earlier in the season as Pass linemen block. The Pirates defeated the Long Beach High School Bearcats at Lance Lumpkin Stadium.

in that city Friday night, 27-7. The defeat of Pass Christian's arch-rival increased the Pirates final season record to 3-7 and dropped the Bearcats to 1-9. (Staff photo by Wayne Ducomb Jr.)

In prep grid season finale:

## Pirates skin Bearcats

By WAYNE DUCOMB JR.  
The Pass Christian High School Pirates scored in every quarter during an exciting Friday night rival match at Lance Lumpkin Stadium to skin the Long Beach High School Bearcats, 27-7.

Long Beach is considered the Pirate's arch-rival team. Head Pirate Coach Kenneth McKinney said Saturday morning that he attributed the win to his dismissal of several team members with 'bad attitudes' from the team last week.

This left the already sparsely-manned team with only about six substitutes on the sideline Friday, but McKinney's action apparently improved Pirate performance.

"Attitude always wins over everything else. I'm real proud of our kids because they never quit last night or all season," McKinney stated.

Rain threatened to dampen the rival game, but an almost day-long shower along the Gulf Coast ended right before kick-off time in Long Beach resulting in mild but humid temperatures.

"We had a wet field with a little humidity, but the field was in really good shape for the game," McKinney said.

Late in the first quarter, Pass Runningback Winston Ausmer took a handoff and scampered five yards into the end zone for the first touchdown of the game.

Pirate Field Goal Specialist Butch Gates added the extra point to set the first quarter score of 7-0.

By the middle of the second quarter the Pirates again drove deep into Bearcat territory, but this time to the Long Beach two-yard-line where Pass Quarterback Joey Rogers pulled a sneak for six points.

Gates successful extra point boot upped the score to 14-0.

The third Pirate score was made by the defensive squad in the middle of the third period when Pass Lineman Eldred Belvin scooped up a

Bearcat fumble and hauled it 48 yards into the end zone for the TD.

Gates again added the extra point to increase the score to 21-0.

But the Bearcats woke up on the following Pass Christian kickoff and an unidentified Long Beach player ran 78 yards to put them on the scoreboard.

The Bearcat field goal specialist made the PAT and upped the score to 21-7.

The Pirates fired up their offensive game in the middle of the fourth quarter by again driving to the Long Beach five where Rogers pitched the ball to Tight End Rodney Conway in the end zone.

Gates missed the extra point to set the game score of 27-7.

McKinney stated, "I'm real proud of our kids, the school system, administrators, cheerleaders, band and fans for all their support this season."

The head coach said penalties were minimal in the Long Beach game compared to the number of infractions in previous contests.

But he noted in the Friday rival match that clipping penalties nullified one Pass

TD and cost yardage gained grid season Friday night with by the Pirates in a punt a 3-7 record.

Long Beach ended with a 1-9 return. The Pirates ended their 1983 season.

#### ETV IN JAIL

The Mississippi State Penitentiary at Parchman has begun a rehabilitative program for more than half of the inmate population utilizing equipment and services from Mississippi ETV.

Marilyn Clark, a utilization specialist at ETV, conducted Parchman's first utilization workshop recently whereby prison personnel were trained in the effective use of educational television in a classroom setting. Bill Calcutt, a member of ETV's field services engineering staff, conducted a technical demonstration of the video equipment at the workshop. Parchman's plans for utilizing educational television eventually will be made available to the entire inmate staff population.

## Nuptial Mass unites Sotak, Fayard

St. Clare Catholic church in Waveland was the setting for the October 8 afternoon wedding of Karen Louise Fayard and Gary Joseph Sotak.

The bride is the daughter of Mrs. Marilyn N. Fayard of Waveland and the late Kenneth G. Fayard Sr. The groom's parents are Mr. and Mrs. Jack Sotak of Bay St. Louis.

Rev. William J. Vollar celebrated a Nuptial Mass and officiated at the double ring ceremony.

Baskets of white gladioli, carnations and fern with mauve chrysanthemums and satin ribbon bows decorated the sanctuary.

Musical selections were presented by James Varnell of Waveland, organist, and Lori Menesses of St. Bernard, La., vocalist.

Given in marriage by her brother, Kenneth G. Fayard Jr., the bride wore a formal gown of white chiffon with fitted bodice and Queen Anne neckline enhanced with pearl decorated venise and chantilly laces, bishop sleeves with ruffled lace cuffs and full bouffant skirt with appliques of lace. Rows of chantilly lace ruffles completely encircled the skirt and cathedral train above the hemline in a

scalloped effect. She wore a tiered veil of illusion held in place by a pearl decorated lace cap.

She carried a cascade of white silk roses, lily-of-the-valley and ivy interspersed with tiny pink sweetheart roses.

Shelley Delcuze of Clermont Harbor was matron of honor. Maid of honor was Kay Peterson of Waveland.

Bridesmaids were Scherell Bell of Forrest, Miss.; Lisa Collier of Greenwell Springs, La.; Paula Fayard of Waveland, sister-in-law of the bride; and Jackie Sotak of Bay St. Louis, sister of the groom.

The attendants were identically attired in burgundy sleeveless gowns, each with high Victorian neckline, Point D'Esprit yoke above crystal pleated chiffon ruffle and sunburst-pleated skirts. They carried white lace fans decorated with pink and mauve silk flowers and ribbon streamers and wore hairpieces of tiny matching flowers and baby's breath.

Bridget Wittman of Fairhope, Ala., cousin of the groom, was flower girl. She wore a hoop-skirted bouffant dress in pink chiffonette with ruffles of white chantilly lace

and carried a wicker basket of pink and mauve silk flowers with ribbon streamers. She wore a headband of matching flowers.

Steve Seymour of Bay St. Louis, cousin of the groom, was best man.

Groomsmen were Timmy Fayard of Waveland, brother of the bride; Greg Sotak, brother of the groom; David Favre, Mike Fitzgerald and Perre Cabell, all of Bay St. Louis.

Ushers were Keith Favre of Bay St. Louis and Sammy Warman of Waveland, cousin of the bride.

Jason Worrel of Waveland, cousin of the bride, was ring bearer.

Mrs. Fayard chose for her daughter's wedding a misty pink formal gown with crystal pleated skirt topped with chiffon jacket, also detailed at the shoulder and waist with tiny pleats. The groom's mother was attired in a formal gown in rose pink with V-neckline, bodice of chiffon over silesta and A-lined flared skirt. Both wore pink sweetheart rose corsages.

A reception followed the ceremony at the American Legion Post 77 Hall in Waveland.

The wedding cake was cut by Mrs. Pat Warman of Waveland, aunt and godmother of the bride.

On return from a wedding

trip to the Smoky Mountains in Tennessee, the couple makes their home in Bay St. Louis.

**Pre-Nuptial Parties**  
The Eatery Restaurant was the setting for a shower hosted by Mrs. Margaret Perrone assisted by Cindy Fountain and Sheila McMahon.

A miscellaneous shower was held September 11 at the home of Mr. and Mrs. L. L. (Bud and Mary) Fletcher where hosts along with Mrs. Fletcher were Sheila McMahon and Debbie Monti.

Bridesmaids including Mrs. Paula Fayard, Mrs. Shelley Delcuze, Kay Peterson and Jackie Sotak hosted a miscellaneous shower at Trapani's.

## Scardino, Treutel to exchange vows

Mr. and Mrs. A.J. Scardino Jr. of Pass Christian announce the engagement of their daughter, Debra Francis Scardino, to Stephen Brian Treutel of Metairie, La., son of Mr. and Mrs. David A. Treutel, Sr. of Bay St. Louis.

The bride-elect is a graduate of Our Lady's Academy and the University of Mississippi School of Pharmacy. She is presently

employed with Eckerd Drugs in Biloxi.

Miss Scardino is the granddaughter of Mrs. Lynn A. Blanchard of Gretna, La., and the late Mr. Blanchard, and the late Mr. and Mrs. A.J. Scardino Sr. of New Orleans.

The prospective groom is a graduate of St. Stanislaus High School and the University of Mississippi. He is employed with First Financial

Bank, FSB of New Orleans.

Mr. Treutel is the grandson of Mrs. Horace Kergosien of Bay St. Louis and the late Mr. Kergosien and the late Mr. and Mrs. Peter Joseph Treutel of Bay St. Louis.

An engagement party was given in the couple's honor by Mr. and Mrs. David A. Treutel Sr. on October 29 where the mid-winter wedding plans were announced.

## Bourgeois, Humphrey announce engagement

Mrs. Dale Woodard of Nashville, Tenn. announces the forthcoming marriage of her daughter, Kay Humphrey, to Charles Bourgeois, son of Mr. and Mrs. Benedict Bourgeois of Waveland.

The bride-elect is a graduate of Watertown High

School, Lebanon, Tenn. She is presently employed as a secretary at Gulfport Auto Auction.

The prospective groom is employed with the City of Waveland, Utilities Department. He is also owner/operator of Charlie's

Seafood in Waveland.

The couple will exchange vows in a candlelight ceremony at 5 p.m., Dec. 3, 1983 at the Knights of Columbus Hall in Bay St. Louis.

Friends and relatives are invited to attend.

## Lusichs celebrate 50th anniversary

Rufus and Maggie Asher Lusich of Bay St. Louis celebrated their golden wedding anniversary with a renewal of vows October 29 at 7 p.m. with Rev. Francis Farrell officiating at Our Lady of the Gulf Catholic Church.

Musical selections were provided by Kathleen Asher. Escorted to the altar by her grandson, Larry Smith Jr.,

Mrs. Lusich was attired in a gown of beige satin with lace appliques and yoke and sleeves of net. She wore an iris corsage.

Attendants were two daughters of the couple, Mrs. Pat Smith and Mrs. Donna Holland.

Groomsmen were Donald Lusich, son of the couple, and William Lusich, brother of the

groom.

Serving as ushers were grandsons Floyd Jerry Holland Jr. and Scott Lusich.

A reception followed the ceremony at the St. Louis Cafe, where decorations included arrangements of yellow carnations and fern. Assisting were Mr. and Mrs. Charles Crawford.

## Methodist Women name 1984 officers

Mrs. Virginia Rester of Gulfport, president of the Seaboard District of United Methodist Women, was the guest speaker recently at the quarterly meeting of the local unit of United Methodist Women, Main Street Methodist Church, Bay St. Louis.

Mrs. Rester reviewed the 100-year history of women in mission for the Methodist

Church. 1984 is their centennial year and also the bicentennial year of the Methodist Church. Over 50 percent of the monies given to mission by the church come from the women's organizations.

Mrs. Jack F. Hively, president of the local unit, conducted the business meeting. Mrs. Hively is 80 Donald St.

presented a devotional and guests were introduced.

New officers for the coming year were elected. Mrs. Hively continued as president, Mrs. David Lee Calzo, vice president; Mrs. Paul Kimbrell, secretary; Mrs. Tom King, treasurer; Mrs. Spurgeon Crosby II, program

leader and chairman. Plans were discussed for the Christmas bazaar which

was held Nov. 5. Mrs. Van A. Shultz was general chairman.

Proceeds will be used for the support of Mississippi missionaries, Mr. and Mrs. Duncan Kelly who are stationed in Brazil and to purchase a large-screen TV for use with a recorder in education.

The next meeting of the group will be in January.

## Pottery of Olmec culture in Mexico inspires Bay St. Louis artist

By JOE PILET  
Coordinator  
Hancock County  
Library System

This is the month for dreams to come true! Anyway, that's what Florence Duffie believes.

Duffie lives on Main Street in Bay St. Louis and once, when asked about her ambitions and her goal in life said: "I would like to become a

recognized potter on the Gulf Coast." She is.

Some of her work is on display at the Bay St. Louis City-County Library and you'll really have to see it to believe it! It is unique.

Her work is inspired by the Aztec, Toltec, Incan—Mexican and Central American tribes of the 11th through 14th Centuries, as well as the Olmec culture of the same areas which pre-dates Christ by some 1,200 years.

To Duffie, who grew up in Panama, earthenware of these types is a familiar art form. Many of her family

were artists, and her grandmother's home was filled with pre-Columbian pottery.

Duffie recalls vividly encouragement given by this grandmother, Senora Sara Esquivel-Mendez who suggested that she try many crafts before finding her niche.

Lewis Duffie, stationed at an Army post in the Canal Zone met Florence Cale, a nurse, at a square dance. They were married within a year and now have three sons.

Army people move about a bit and during every move Florence Duffie hoped to find

an instructor—someone who could guide her in her desire to learn pottery.

In Bay St. Louis Duffie found that person! "Brother Hilbert worked with me for a year and gave me great encouragement," Duffie said. Brother Hilbert is a well-known pottery instructor at St. Stanislaus and found this pupil a "natural."

With encouragement from her husband and from her instructor and with the children grown there was time to devote to a realization of dreams.

"Life begins at forty," well,

maybe for some people. However, the life of a gifted potter began for Florence Duffie when she was 48. That is when she gave up nursing as a career and became a full-time potter.

That is when her husband found time to build a studio and put up shelving and work tables to display numerous objects created on the wheel of Florence Duffie, and these articles are glazed with very special glasses which she has developed through the years.

It is easy to spend up to 12 hours daily in a studio that has two kilns, two wheels, room in

which to work. It is great to have encouragement from a supportive husband—to have clay with which to work and there's a deep satisfaction in being a recognized potter on the Gulf Coast. Florence Duffie counts her blessings.

Her work will be on display during regular library hours through November.

## Borg-Warner earnings up 24 percent

Borg-Warner Corporation today reported record third quarter net earnings of \$44.9 million, or \$1 per share, on sales of \$892 million, compared with \$36.1 million, or 85 cents per share on sales of \$809 million in the third quarter of 1982.

For the nine months, earnings also reached an all-time high of \$125.4 million on sales of \$2.6 billion compared with earnings of \$119.1 million on sales of \$2.4 billion in the nine-month period last year. Nine-month earnings per share were flat at \$2.80 for both 1982 and 1983, reflecting an increase in the number of shares outstanding on a fully diluted basis.

Borg-Warner chairman James F. Bere said he was encouraged by the very strong performance of consolidated operations. "Chemicals and Plastics and Protective Services are well on their way to record years, while Transportation Equipment is having its best year since 1979. However, earnings from the Air Conditioning and Energy/Industrial Equipment groups continue to be disappointing due to depressed capital equipment and export markets," Bere said.

Although the rate of growth has slowed, the consolidated Financial Services group is also heading for a record year. It would be the 18th consecutive year of record earnings for BWAC, the group's major unit.

Affiliate earnings were about even with last year for the third quarter. For the nine months this category was off significantly because of the sharp downturn in Hughes Tool's business in 1983.

"Because of the strength in our consolidated operations and financial services," Bere said, "I remain optimistic about our chances for a record year overall."

Borg-Warner Corporation (Millions except share data) Quarter Ended Sept. 30—Share earnings, '83, \$1.00; '82, \$0.85; percent change, +17.6; Sales, '83, \$891.7; '82, \$809.3; % +10.2; Net earnings, '83, \$44.9; '82, \$36.1; % +24.4.

Nine Months Ended Sept. 30—Share earnings, '83, \$2.80; '82, \$2.80; % —; Sales, '83, \$2,586.3; '82, \$2,390.8; % +8.2; Net earnings, '83, \$125.4; '82, \$119.1; % +5.3; Average number of common shares outstanding (fully diluted) '83, \$45,490,000; '82, \$42,500,000.

## ETV Brief

### ETV HONORS

Three Mississippi ETV productions have recently won prestigious Chris Plaque Awards for excellence in the 31st Columbus International Film Festival of Columbus, Ohio. The programs are "To Dance for Gold," "Dusti Bonge," "The Life of an Artist" and "Shell Ridge and Miss Judy."

"To Dance for Gold" chronicled the events of the International Ballet Competition held in Jackson in 1982. Performance highlights include most of the dances of the final round of the competition.

The program also features a segment on the city of Jackson, interviews with dancers, behind-the-scenes stories of the competition and footage of the International Ballet School held at Jackson State University. The program was produced by ABC Video Enterprises in cooperation with Mississippi ETV and South Carolina ETV.

"Dusti Bonge," "The Life of an Artist" introduces the work of an important Mississippi Gulf Coast artist, Dusti Bonge. Bonge, whose abstract paintings have been shown in some

of the most noted galleries in New York. She is shown working on a new painting and talking about her life in the arts, which includes writing poetry and a brief stint in the theater as well as painting.

"Shell Ridge and Miss Judy" follows a shrimp boat captain and his crew at work on the Mississippi Gulf Coast for two days. The subjects and their actions tell their own stories without the involvement of a narrator or interviewer. The title is taken from the names of the boats.

## Senior Citizen Happenings

By EVE McDONALD  
**THANKSGIVING EVENTS**  
K.C. Mitchell of Silver Creek Catfish House has again invited the Senior Citizens to a free Thanksgiving catfish dinner. Everyone had such a great time last year at his restaurant and we are delighted to go again.

This year the dinner will be Monday, Nov. 21, starting at 11:30 a.m.

Please call Rosine Jushaway at the Center, 467-9292, if you plan to attend. This way we will be able to let Mitchell know how many to prepare for.

Please tell us if you need transportation; you could help by offering to give someone a ride.

You may want to meet here and follow our buses out to the Catfish House. The Riemann Funeral Home will participate with door prizes. Now, that's a nice extra!

The Rev. Charles Clark will

conduct our Thanksgiving service here at the Center Tuesday, Nov. 22 at 10:45 a.m. We hope you will all try to attend.

Wednesday, Nov. 23 is our weekly Mass. Those wishing to avail themselves of this service are welcome.

We will be closed Thanksgiving Day and the day after.

**CLASS OPENINGS**  
Beth Favre will be starting a new class on Mondays at 1 p.m. This class will do various needlecraft and other crafts for limited time frames.

The first mini-series will probably be chicken scratch. Those of you who are interested, please sign up in the office.

Emily Gardner has some openings in her drawing class which meets at 9:30 a.m. on Tuesdays.

There is no charge for this class and Emily is a very talented teacher. A desire to learn is all you need.

Another of Emily's classes is a sewing class. This class meets at 1 p.m. on Wednesday. We have several machines and a good teacher.

Our Thursday Bible Class meets at about 10 a.m. We have some lovely music coming out of the cafeteria when that class is in session. Mrs. Frank Bussey is the leader and piano player, and Mrs.

Grace Palloade assists.

Fridays at 9:30 a.m. Emily Gardner has a decorating class. We can take a few more persons in this class too.

**BIRTHDAY/GAMES PARTY**  
Nov. 28 at 1 p.m. we will have our regular party. We always have Princess Fahey who represents Edmond Fahey Funeral Home and presents gifts.

Our prizes are donated by Bay St. Louis and Waveland American Legions, Danny's Fried Chicken, and The Eatery.

Peoples Federal Savings and Loan participates by furnishing a birthday cake for the occasion.

Thanks to all of our community support we are able to continue providing recreation for our Senior Citizens.

## St. Rose de Lima

### Catholic Church Parish News

Relief in external life is not totally oriented to the future. What we hope for we already possess, because our hope is directed to Christ who will transform creation.

We welcome Sister Rose Martin Glenn, S.S.P.S., as the latest Holy Spirit Missionary Sister to arrive in our parish. She will be seeking employment as a pediatric nurse practitioner while residing at the convent.

We look forward to her fruitful ministry in our community.

Many thanks to our chairperson, Mrs. Nellie Bell, and all her committee workers who made the visit of Xavier University Choir a memorable event.

If you missed the show, you missed a tremendous entertainment, especially the stunning performance by our own Ellen Marie Hazeur. The program closed with a surprise presentation of roses to Ellen by her classmate, Marie Mercader.

We want to thank Ellsworth Collins for the beautiful refinishing work he did on the 39 desk chairs recently donated to St. Rose Parish Center by Sister Kathleen in Techny. The new telephone number for the Center (school) is 467-7078.

Religious instructions will be given to the 6th, 7th and 8th grade students attending public school after 9 a.m. mass today.

Weekday classes will be at 3:20 p.m. as follows: Monday,

1st and 2nd graders; Tuesday, 3rd and 4th graders; and Wednesday, 5th graders.

Confirmation class will be conducted on Wednesday at 6:30 p.m.

This afternoon from 2 until 5 p.m. a training session will be given at the Parish Center for those who missed the summer session and wish to be ministers of the Eucharist.

Our Gospel Choir will practice on Tuesday at 6:30 p.m.; the Little People Choir, on Saturday at 10:30 a.m.

Our Catechumen Class will meet on Thursday at 7:30 p.m.

Our parish council will meet on Thursday at 7:30 p.m. in meeting room behind Parish Center (school). Discussion will center on our annual basketball tournament. All interested parishioners are urged to attend.

Parishioners are urged to vote on Tuesday to indicate their vital interest in our local government. Vote for the candidate of your choice! Our parishioner, Mr. Thomas Clark, is the only lawyer seeking election as Judge in the East Hancock County Justice Court.

**MASS SCHEDULE**  
Sunday, 7 and 9 a.m. and 6 p.m.

Daily, Monday through Saturday, 6:30 a.m.

Saturday (Vigil) 6 p.m.  
Mother of Perpetual Help Novena at beginning of Tuesday mass.

Confessions are heard half hour before weekend masses and upon request.

**KILLER SPOOKS**—This bloody character on the left was seen 'hanging' around the Vickie Buckner-Linda Necase residence off East River Road in The Kill during the Halloween weekend along with the monster at right who was disguised as a farmer but who sent chills through all those who were brave enough to enter the haunted estate, which was dotted with open graves and booby traps to snag the unwary. #### RAISING QUAIL

Quail has become an increasingly popular item on restaurant menus over the past few years, leading to a growing interest in commercial quail production in Mississippi.

"Farmweek" reporters found that raising quail is no simple matter, though, when taping a story about the expanding quail agribusiness in Mississippi. The story airs at 7:30 p.m., Monday, November 14, on Mississippi ETV.

**SECOND BIRTHDAY**—Christopher Carron will celebrate his second birthday November 11. He is the son of Michael and Susan Carron of Naples, Italy and the grandson of Mr. and Mrs. Fred Carron of Biloxi. Christopher is the godchild of Patt Cuculla and Irma Rondeau of Bay St. Louis.

## Military Mention

**PFC. SPENCER**  
Army Pfc. Thomas B. Spencer III, son of Thomas B. and Emma L. Spencer of 105 Lynn Circle, Pass Christian, was involved in a NATO-sponsored exercise by participating in the Army's return of forces to Germany (REFORGER) and the Air Force's Crested Cap exercises.

The exercises are designed to develop uniformity of doctrine, standardize procedures for rapid response to a crisis and demonstrate solidarity in commitment to NATO goals and objectives.

Spencer is a communications specialist with the 3rd Armored Division in Hanau, West Germany.

He is a 1981 graduate of Pass Christian High School.

## ETV Brief

**NEIGHBORHOOD FEST**  
Mississippi ETV's "Faces" series begins its night season on the state network at 7:30 p.m., Wednesday, Nov. 16. Each program will be rebroadcast the following Sunday at 5:30 p.m.

The first program of the new season features taped highlights of the recent Farish Street Festival in Jackson. Also, studio interviews with festival organizers and participants amplify ETV's coverage of the cultural event in Jackson's historic Farish Street neighborhood.

During coming weeks, "Faces," with host Ruth Campbell, will focus on news, features, entertainment and studio discussions on a variety of topics pertaining to Mississippi's black community and of interest not only to black Mississippians but to a general audience as well.
